SuperBloom at the Thursday night Downtown Farmers' Market in San Luis Obispo, CA. February 6, 2020.

Mango Smoothie Records is an independent record label based in San Luis Obispo, CA that specializes in punk, metal, grunge, and alternative rock. While the grittier genres of music are what we enjoy most, we are open to signing musicians of other genres as well. At Mango Smoothie Records, we help our artists record their music, gain exposure, distribute physical copies of their music (CDs, cassette tapes, and vinyl records), sell merchandise, and help book shows and tours for bands and artists signed onto this label. We recognize the importance of supporting local musicians and building friendships and a tight-knit community with them, all of us being musicians ourselves.

SPY performing at Stage9 in San Luis Obispo, CA. January 12, 2020.
